

USEG-PRO

General Purpose

The USEG-PRO Series cured concrete / general purpose blade is a high performance blade designed to be used on both hand held and walk behind saws. It is engineered with a U-Notch segment which creates a faster cut and helps clear out debris from the cutting path for extended life.

LEAVE YOUR MARK ON THE JOB!

- EXTREMELY FAST AND AGGRESSIVE CUTTING
- IDEAL FOR CUTTING A VARIETY OF APPLICATIONS
- USE WET OR DRY
- ULTRA LONG LIFE
