

BCR 35/138 CORE DRILL

The compact & lightweight BCR35/138 drilling units are specially designed for anchoring and rebar doweling applications. Use them handheld or on Drill Stand

FEATURES

- Even more powerful 2400W motor in Professional Grade Aluminum Housing
- Wet Drilling Range up to Ø35mm
- Latest Generation RGB LED's
- Soft Start
- New Electronic Safety Clutch
- Redesigned Mechanical Safety Clutch manufactured from new special Steel Composition
- 360° Rotating Water Connection
- Data Retrieval Option
- Modular Design
- 1/2" Spindle

TECHNICAL SPECIFICATIONS

Bit Range	Wet Drilling in Concrete:	5/16" - 1-3/8"
Diamond Core Bits	HiSpeed Crown Bits	
	Standard Bit Lengths	6" - 14"
Motor	Power:	2,400 W
	Voltage:	230 V
	Frequency:	50 Hz
	Spindle Threading:	1/2"

Motor Cont..	Gearing:	1-Speed
	No Load Speed	6,500 rpm
Dimension & Weight	LxWxH	13.58" x 4.13" x 12.20"
	Weight:	5,9 kg
Safety Features	RGB LED motor overload indicator Pulse electronic motor protection system Electronic safety clutch GFCI Switch water flow indicator
